Create new and unusual floral displays with this type of mum.

3 for \$1²⁵

NCF145 DR. ADAH RUTH TAYLOR — A soft clear bronze sport of "Pink Exquisite". Habit of growth and formation of flower identical to its parent.

NCF146 BRONZE REVERIE — A sport of Reverie.

NCF147 EVELYN — Pure white.

NCF148 GERRY — Intense bronze with gold reverse.

NCF149 ILLINI SNOWFLAKES — White decorative pompon of a most unusual formation. Petals are feathery in form and deeply serrated along the edges.

NCF150 PANSY SILL — Stunningly beautiful blend of rich wine red with light silvery reverse. Strong stems and healthy foliage. Tall grower.

NCF151 PINK EXQUISITE — A suitable name for the flower which is the most exquisite shade of pink. The reflexed petals radiate from the center which is unique swirl.

NCF152 REVERIE — This flower is composed of spoon-shaped petals of irregular information with an anemone flowered center. The ray petals are a beautiful orchid pink while the disc of it is a slightly lighter color.

6 for ONLY \$2²⁵

NCF153 RONDO — A snowy white decorative flower. Petals are flat and feathery. Should be disbudded for best results but not as big mums.

NCF154 SHOOTING STAR — An interesting flower in pure white which is as large as any exhibition type bloom. Its broad petals come to a point like a star, hence, its name.

NCF155 STAR OF THE NORTH — This white spray type flower is distinctively feathery in formation. As it reaches maturity, the deeply serrated petals turn and intertwine into most fascinating formation.

NCF156 YELLOW TAGGART — An odd yellow flower with quilled petals covered with hairy spines.
